Silo RPG Document Index

This file serves as a routing map for LLMs and GMs to quickly locate specific lore, mechanics, and rules across the Silo RPG document suite without reading all files into context.

1. Player Introduction

File: `gaming_silo_player_guide.md` **Purpose:** Session Zero handout. Visceral tone, citizen perspective, biased world-view. Contains no GM secrets. **Contents:** * **The Three Absolute Truths:** The Outside is Death, The Pact is Law, The Cleaning is Our Burden. * **Sector Vibes (Biased):** Up Top (Elite/Surveillance), Mids (Grind/Farms), Down Deep (Grease/Noise). * **Character Archetypes:** Brief descriptions of Porters, Mechanics, Supply Clerks, Hydroponics Farmers, IT Techs. * **The Friends of the Silo:** Player-facing warning about the secret police. * **Default Citizen Knowledge:** Travel realities, stamped-paper culture, and what every survivor learns by osmosis. * **Session Zero Questions & Slang:** Prompts for party creation and a quick glossary of common Silo terms.

2. Comprehensive World Bible

File: `gaming_silo_comprehensive_bible.md` **Purpose:** The core GM reference manual for the daily, micro-simulation of the Silo. Route Operation Fifty and endgame macro-lore to the GM secrets file. This bible is not spoiler-free: Chapter 23 reveals the Cleaning suit's deception and failing heat-tape.

- **Chapter 1: The Architecture & The Grind**
  - `1.1 The Anatomy of the Cylinder:` Stairs mechanics, acoustics, 'The Drop', sensory deprivation.
  - `1.2 The Closed-Loop Economy:` Chits vs. Ledgers, rations (soy, rabbit, fruit), the scrap/barter economy.
  - `1.3 The Life Cycle & The Bureaucracy:` The Lottery, birth control implants, Shadowing (apprenticeships), marriage/cohabitation permits, death and composting.
- **Chapter 2: The Law & The Panopticon**
  - `2.1 The Two Faces of Order:` `2.1.1 The Sheriff (The Peacekeeper)` covers the public face of law; `2.1.2 Judicial (The Warden)` covers the shadow bureaucracy and "Friends of the Silo" informants.
  - `2.2 The Justice Process:` Holding cells (Level 1 psychological torture), trials without juries, The Mines (hard labour).
  - `2.3 Surveillance: The All-Seeing Eye:` Overt vs. covert cameras and `2.3.2 Game Mechanics: The Panopticon Roll`.
  - `2.4 Taboos and Capital Offenses:` Definition of Relics, the ultimate crime of Sedition ("I want to go outside").
- **Chapter 3: The Departments**
  - Deep dives on culture, location, and political leverage of: `3.1 IT`, `3.2 Mechanical`, `3.3 Supply`, `3.4 Medical`, `3.5 Hydroponics`.
- **Chapter 4: The 144 Levels (Gazetteer)**
  - Sector overview and selected landmarks (e.g., Hospital is 30-32, Farms are 60-80, Generator is 144). Use **Chapter 13: The Complete Level Gazetteer (1 - 144)** for the fuller level crosswalk.
- **Chapter 5: Culture, Rituals, and Sub-factions**
  - `5.1 The Dialects of Depth:` High Speak (Up Top), Chit-Talk (Mids), Deep Talk (Down Deep).
  - `5.2 Cultural Rituals:` The Cleaning holiday and Naming Day.

  - Calendar and daily routines are in **Chapter 9: The Daily Simulation (Routines and Calendars)**; the Porters' Union faction sheet is in **Chapter 32**, not Chapter 5.
- **Chapter 30: GM Quick-Reference Sheets**
  - Travel times, security-response cheat sheets, typical bribes, and punishment summaries.
- **Chapter 31: Core Play Procedure**
  - System-agnostic pressure tracks, fail-forward consequences, escalation clocks, and downtime actions.
- **Chapter 32: Faction Sheets**
  - Public face, real objectives, leverage, and typical asks for the major factions.
- **Chapter 33: Slice-of-Life Engine**
