Silo RPG Player Reference

Player-safe quick sheet for character creation, table reminders, and everyday assumptions.

The Three Absolute Truths

1. **The Outside is Death:** The world above is toxic and dead.
2. **The Pact is Law:** The Pact governs every part of life.
3. **The Cleaning is Our Burden:** The condemned clean the sensors before dying outside.

The Three Sectors

Sector	Levels	Vibe	People	Main Danger
Up Top	1-48	Bright, clean, sterile	Mayor, Sheriff, Judicial, IT	Surveillance
The Mids	49-96	Humid, crowded, earthy	Workers, farmers, Medical, Supply	Starvation and disease
Down Deep	97-144	Hot, loud, oily	Mechanics, miners, drillers	Industrial death

How the Silo Feels

What a Level Usually Contains

- **Stair landing:** traffic, rest, gossip, visibility
- **Inner corridors:** pipes, ducts, utility access
- **Lived spaces:** homes, offices, workshops, farms, clinics, tanks
- **Outer wall:** thick concrete, patched wiring, storage, pressure of the earth

Distance Between Levels

About **50 stairs** sit between official levels.

- **1-3 levels:** local movement
- **5-10 levels:** a real trip
- **10+ levels:** notable effort
- **20+ levels:** serious travel

Split Levels and Dead Spaces

- **Split levels:** one official level with very different functional halves
- **Half-levels / service spaces:** unofficial in-between rooms and utility bands
- **Structural seams:** levels that creak, flex, and feel heavily patched
- **Dead spaces:** vents, flooded corners, abandoned rooms, and sealed areas off the public map

The Local Radius

Levels	Why People Care
45-50	Supply paperwork, transfers, marriage permits
60-80	Hydroponics rings, crop quotas, food anxiety
79-85	Water stations, tanks, maintenance access, rumour

Levels	Why People Care
92	Cramped seam housing and repair disputes
101-105	Scrap, bad lighting, flooded tiers, the start of the true Deep

Faces You Know by Reputation

Famous People Everyone Knows

- **Mayor Tamsin Rook:** The official voice of the Silo.
- **Chief Deputy Harlan Fiske:** The Sheriff's hard public edge.
- **Inquisitor Sel Verin:** Judicial fear made personal.
- **Merrow Hale:** Distant head of IT and source of cold-level rumours.
- **Tavi Rune:** Porter boss and staircase power broker.
- **Auntie Cinder:** Scrap boss, fixer, and black-market name everyone knows.
- **Matron Ysra Thorn:** Crop-boss feared and respected across Hydroponics.

Local Faces People Actually Talk About

- **Nel Ardin:** A decent Supply clerk who sometimes helps the wrong people.
- **The Miller Clan:** A loud, entrenched seam family.
- **Rella Voss:** A practical hallway organiser people listen to in a crisis.
- **Inspector Dorn:** A Mechanical inspector known in the Deep.

Groups and Factions

- **The Miller Clan:** A loud, stubborn seam family.
- **The Porters' Union:** Neutral in theory, indispensable in practice.
- **The Scrap Syndicates:** Smugglers, gamblers, fixers, thieves.
- **Block Watches:** Unofficial hallway defence groups.
- **Hydroponics Crews:** Territorial work groups shaped by quota pressure.
- **The Friends of the Silo:** Suspected informants and true believers.

Landmarks

- **Level 50 Supply Offices**
- **Level 60 Porter Landings**
- **Algae Vats around Level 72**
- **Water Stations around Levels 80-84**
- **Seam Apartments on Level 92**

- **Flooded Tier on Level 101**
- **Dark Tier on Level 105**

Core Roles

- **Porter:** Stairs runner, courier, rumour mill.
- **Mechanic:** Keeps machines, scrubbers, and generators alive.
- **Supply Clerk:** Controls forms, ledgers, shortages, and favours.
- **Hydroponics Farmer:** Grows food and understands plants, toxins, and yield.
- **IT Tech / Medical Assistant:** Has access to rare knowledge, terminals, or medicine.

What Every Citizen Knows

- A trip of more than ten levels is serious travel.
- Stamped paper usually beats spoken truth.
- Every level has a fixer, a gossip, and someone suspected of informing.
- Strange light pulses mean something bad or official is happening.
- Porters know routes, Mechanical knows faults, Supply knows lies, Medical knows desperation, and IT knows too much.
- On their fifth birthday, surviving children are "Gifted" the name of a dead ancestor.

What a Normal Day Feels Like

- Queue for water.
- Work your shift.
- Trade small favours all day.
- Hear rumours before mid-cycle.
- Measure distance in sore legs.
- Fall asleep wondering who on your level can really be trusted.

Session Zero Questions

1. Which person on your level depends on your wages to survive?
2. Which department do you distrust on principle?
3. What minor law did you break as a child and get away with?
4. Who taught you how to survive the stairs, queues, or inspections?
5. What rumour about the Silo do you secretly hope is true?
6. What debt, favour, or shame keeps you from walking away from trouble?

Common Slang

Term	Meaning
Up-Top	Privilege, surveillance, or clean-handed authority
Down-Shift	Transfer to a lower level
Soft-Hands	A Deep insult for non-labourers
Grease	Mechanics and Down Deep workers
Shadow	An apprentice with little power
Good Tape	Rare, high-quality repair material
Dead Space	A vent, crawl, or sealed area off the official maps
Blue Water	Water rumoured to be drugged
Pact-Blind	Someone who obeys without questioning cruelty
"Mind the rail."	Be careful, stay quiet, stop asking questions

Party Bonds

Roll or choose a bond from Part 1 of the starter campaign:

d6	Bond
1	**The Work Crew:** You survived a dangerous cleanup assignment together.
2	**The Block Watch:** You formed a neighbourhood defence group.
3	**The Syndicate Debt:** You all owe the same dangerous people.
4	**The Framed:** You were all arrested for the same crime you did not commit.
5	**The Secret Society:** You share forbidden beliefs and meet in secret.
6	**The Relic Hunters:** You are an illegal crew built to find and move contraband.
